Finger Lakes Parent Network, Inc. is a parent-governed, not for profit organization focused on the needs of families who have children with emotional, behavioral, mental and/or developmental disabilities. Our mission is to support and empower families so they can improve the quality of their lives and help their children to achieve their full potential within the community. All services are offered at no cost to the families.

The services for families include bi-weekly parent/caregiver groups with trained peer facilitators providing self-help support and education as well as free, on-site childcare. FLPN also sponsors caregiver attendance at a variety of regional conferences and educational workshops. Peer advocates work across a variety of systems to provide peer support, education, advocacy, information, and referral. Teen-driven support groups participate in education, recreation activities and community service projects. Hourly in-home respite care is also provided for families by trained staff with background clearances.

FLPN provides wavier contract services through the Office of Mental Health, Office of Children and Family Services -Bridges to Health program and the Office for People with Developmental Disabilities.

The Finger Lakes Parent Network, Inc. has a teen group. FLPN empowers the teens to make good choices, have fun, participate in community service activities, self-advocate and interact with peers while being responsible, respectful and following rules made by the youth. Both the identified teens and their siblings are encouraged to participate in teen group. FLPN allow pre-teens from the age of 12 to move from childcare to the teen group with the expectation that they are held to the same standard of behavior as the older teens.

Community Based Family Support

Family Peer Support Services (GLOW),

Hillside Children's Center, 96 West Buffalo Street, Warsaw, NY 14569

GLOW Family Support empowers parents and caregivers of a child who is experiencing social, emotional, developmental, medical, substance use, and/or behavioral challenges in their home, school, placement, and/or community to be more effective in meeting their family's needs. The program offers families an opportunity to connect and build natural community supports amongst themselves. Empowering families to connect helps them identify and build upon their own strengths, resources, and support systems. GLOW Family Support offers: Individual mentoring & skills development, Empowerment Groups, Family Advocacy, and Parent Education.

Finger Lakes Parent Network (FLPN)

25 West Steuben Street, Bath, NY 14810

Office: 607-776-2164 Fax: 607-776-4327

Website: www.flpn.org E-mail: flpninc25@flpn.org

Finger Lakes Parent Network, Inc. is a parent-governed, not for profit organization focused on the needs of families who have children with emotional, behavioral, mental and/or developmental disabilities. Our mission is to support and empower families so they can improve the quality of their lives and help their children to achieve their full potential within the community. All services are offered at no cost to the families.

The services for families include bi-weekly parent/caregiver groups with trained peer facilitators providing self-help support and education as well as free, on-site childcare. FLPN also sponsors caregiver attendance at a variety of regional conferences and educational workshops. Peer advocates work across a variety of systems to provide peer support, education, advocacy, information, and referral. Teen-driven support groups participate in education, recreation activities and community service projects. Hourly in-home respite care is also provided for families by trained staff with background clearances.

FLPN provides wavier contract services through the Office of Mental Health, Office of Children and Family Services -Bridges to Health program and the Office for People with Developmental Disabilities.

The Finger Lakes Parent Network, Inc. has a teen group. FLPN empowers the teens to make good choices, have fun, participate in community service activities, self-advocate and interact with peers while being responsible, respectful and following rules made by the youth. Both the identified teens and their siblings are encouraged to participate in teen group. FLPN allow pre-teens from the age of 12 to move from childcare to the teen group with the expectation that they are held to the same standard of behavior as the older teens.

Community Based Family Support Family Peer Support Services (GLOW)

Hillside Children's Center, 96 W. Buffalo Street, Warsaw, NY 14569

GLOW Family Support empowers parents and caregivers of a child who is experiencing social, emotional, developmental, medical, substance use, and/or behavioral challenges in their home, school, placement, and/or community to be more effective in meeting their family's needs. The program offers families an opportunity to connect and build natural community supports amongst themselves. Empowering families to connect helps them identify and build upon their own strengths, resources, and support systems. GLOW Family Support offers: Individual mentoring & skills development, Empowerment Groups, Family Advocacy, and Parent Education.

Finger Lakes Parent Network, Inc. is a parent-governed, not for profit organization focused on the needs of families who have children with emotional, behavioral, mental and/or developmental disabilities. Our mission is to support and empower families so they can improve the quality of their lives and help their children to achieve their full potential within the community. All services are offered at no cost to the families.

The services for families include bi-weekly parent/caregiver groups with trained peer facilitators providing self-help support and education as well as free, on-site childcare. FLPN also sponsors caregiver attendance at a variety of regional conferences and educational workshops. Peer advocates work across a variety of systems to provide peer support, education, advocacy, information, and referral. Teen-driven support groups participate in education, recreation activities and community service projects. Hourly in-home respite care is also provided for families by trained staff with background clearances.

FLPN provides wavier contract services through the Office of Mental Health, Office of Children and Family Services -Bridges to Health program and the Office for People with Developmental Disabilities.

The Finger Lakes Parent Network, Inc. has a teen group. FLPN empowers the teens to make good choices, have fun, participate in community service activities, self-advocate and interact with peers while being responsible, respectful and following rules made by the youth. Both the identified teens and their siblings are encouraged to participate in teen group. FLPN allow pre-teens from the age of 12 to move from childcare to the teen group with the expectation that they are held to the same standard of behavior as the older teens.

Wayne Intensive Respite Program

Provides four levels of free voluntary short-term out-of-home care for children and youth whom are emotionally, mentally, and behaviorally challenged between the ages of 8-18 years old who may be at risk of out-of-home placement. The purpose of respite placement is to preserve, strengthen, stabilize and support the individuals and families we serve as a unit.

Case Management; Short-Term Clinical Assessments with Treatment Planning; Case management with Individualized Service Plans and Intensive In-home Clinical Intervention Services; Short-term Life Skill Training; Life Enrichment Opportunities

Community Based Support Programs:

Community programs to provide in home and community group parent enhancement educational classes, family peer support, prevocational services and advocacy services for families and their children.

In Home Parent Enhancement Service

Youth and Family Intervention staff works in conjunction with other agencies throughout Wayne County to help parents of children who are having difficulty in their home, school, or community. Home base classes provide a tailored approach with the opportunity to present a more specialized plan of action in order to help families with specific needs.

Family Support Service

Family support assists families in navigating a multi-complex human/educational service system. It offers guidance, help to develop/implement an individualized service plan, advocacy support, promote family driven practices and linkages to community agencies services.

Prevocational Service

Prevocational service is designed to prepare a youth age 14 or older with serious emotional disturbance, to engage in paid work, volunteer work or career exploration. The services are structured around teaching concepts such as compliance, attendance, task completion, and problem solving, In addition, assist with facilitating appropriate work habits, acceptable job behaviors, and learning job production requirements.

Community Family Support

Finger Lakes Parent Network (FLPN)

25 West Steuben Street, Bath, NY 14810

Office: 607-776-2164 Fax: 607-776-4327

Website: www.flpn.org E-mail: flpninc25@flpn.org

Finger Lakes Parent Network, Inc. is a parent-governed, not for profit organization focused on the needs of families who have children with emotional, behavioral, mental and/or developmental disabilities. Our mission is to support and empower families so they can improve the quality of their lives and help their children to achieve their full potential within the community. All services are offered at no cost to the families.

The services for families include bi-weekly parent/caregiver groups with trained peer facilitators providing self-help support and education as well as free, on-site childcare. FLPN also sponsors caregiver attendance at a variety of regional conferences and educational workshops. Peer advocates work across a variety of systems to provide peer support, education, advocacy, information, and referral. Teen-driven support groups participate in education, recreation activities and community service projects. Hourly in-home respite care is also provided for families by trained staff with background clearances.

FLPN provides wavier contract services through the Office of Mental Health, Office of Children and Family Services -Bridges to Health program and the Office for People with Developmental Disabilities.

The Finger Lakes Parent Network, Inc. has a teen group. FLPN empowers the teens to make good choices, have fun, participate in community service activities, self-advocate and interact with peers while being responsible, respectful and following rules made by the youth. Both the identified teens and their siblings are encouraged to participate in teen group. FLPN allow pre-teens from the age of 12 to move from childcare to the teen group with the expectation that they are held to the same standard of behavior as the older teens.

WNYCPC Mobile Integration Team

Kelly Bernhard, Team Coordinator.....(716) 832-0720

The Mobile Integration Team (MIT) will assist youth transitioning back into the community. The MIT is designed to support the current system of care within the community. We will facilitate accessible, integrated, person-centered care that is evidence-based and assists individuals in their recovery process. The MIT's focus is to help reduce hospitalizations and ER visits, while increasing the accessibility to community-based support services. MIT services will include, but are not limited to: establishing a linkage with community resources, medication education, assistance with navigating different agencies (i.e. Department of Social Services,) engagement in treatment services, personal empowerment, and overall improvement of quality of life.

WESTERN REGION RESOURCES Continued:

Youth Power! Website: www.facebook.com/youthpower.ny

Youth Power! is the New York State network of young people who have been labeled and are seeking change. Together we speak up about our experiences because no one knows what it is like for us better than we do. Through peer-to-peer mentoring we empower young people to be active citizens that are aware of government operations, their rights and the ability to use their voices to influence policies, practices regulations and laws.

Community Parent Resource Center

Parent Network of WNY1-866-277-4762

Website: www.parentnetworkwny.org

Facebook: <https://www.facebook.com/ParentNetwork>

Parent Network of WNY is a resource for families of individuals with special needs and for professionals who work with them. The goal is to empower families to successfully advocate for their children. This is done through workshops, conferences, and information and referral services where we link people to community resources or provide one-on-one consulting to callers in search of specific information.
