

FANS creates an opportunity for parent/caregiver to develop focused priorities and goals for themselves that will in turn support their child or youth to be successful in their home, school and community.

Family Peer Advocates engage with parent/caregivers as partners in a journey towards empowerment by identifying areas where the parent/caregiver has skills and strengths.

Yet, continue to have some need and understanding for more support, information, and knowledge with and about services in the child serving systems.
