

research study for

# LGBTQ+ TEENS

brought to you by the University at Buffalo

**Are you an LGBTQ+ teen  
between the ages of 15-17  
that lives in New York State?**

We're interested in hearing  
about your social experiences  
as part of an 18 month study.  
Earn up to \$358.

This research is being conducted by Drs. Amy Hequembourg and Jennifer Livingston from the University at Buffalo. It's funded by the National Institutes of Health.
